

Ulti Mode

Ulti Mode – the Combination Reels with the Large Arbor- Design

Ulti Mode – the Combination Reels with the “Super Qick Change” spool

For the fishermen who changes lines often, the *Ulti Mode* reels innovative spool locking system simplifies and quickens the changing of spools.

The reel's „Foot Forward“ design promotes a superior balance of the reel on the rod.
A normal reel foot is also available.

The reel housings are ventilated in order to lighten the reel, but the spool back is closed to protect fingers when fighting fish. Each reel is identified with a serial number.

size	diameter inch/mm	arbor inch/mm	Spool width inch/mm	Line class	Backing yds/m	weight ounces/grams
# 2	4.17/106	2.91/74	1.00/25,4	7 - 9	196/170	11.35/322
# 3	4.80/122	3.34/85	1.10/27,5	10-11	275/250	16.43/466
# 4	5.43/138	3.66/93	1.22/31,0	12-14	306/279	22.08/626

Each reel comes with a protective reel bag for use on, or off, the reel.
